SEMRUSH

Site Audit

Project: infolinkplus.wordpress.com
Website URL: infolinkplus.wordpress.com
Date: Jul 4, 2022 (19:54:02) Edit Schedule

Hello,
Here is the update for your Site Audit campaign.
We have detected new types of issues on your website since the previous audit.

Please take action and start fixing these issues to prevent search engines from ignoring or even punishing you.

1 new check was triggered: **2** issues detected

errors   2 pages don`t have a unique title

Site Health

84% -2%

The Site Health Score is based on the number of errors and warnings found on your site, and their uniqueness. The higher the score, the fewer problems your site has, and the better it is optimized for search engines.

Crawled Pages

100

Healthy	3	
Broken	0	
Have Issues	78	-2
Redirects	1	
Blocked	18	+2

Errors	Warnings	Notices
19 -12	**201** -11	**406** +54

New 2xx web pages

Unknown. Custom limit for checked pages reached.

Types of issues

1 new type

Robots.txt updates

No changes
